

Skills for Justice Membership

A key asset for any organisation that values continual learning and is committed to best practice in workforce development

Skills for Justice Membership allows you to connect with the right people and help you solve workforce development problems.

You will have access to the expertise and information you need to help deliver best-in-class solutions. As a member, you will also participate in exclusive knowledge exchange events, part of the Sharing Best Practice series. In addition, you are entitled to member-only discounts through our service support framework.

Three reasons to join

- 1** Exclusive access to our workforce development specialists, peer network and government policy influencers
- 2** Be part of a group of like-minded professionals from across the sector
- 3** Attend and influence at exclusive member only events
- 4** Benefit from over eighteen years experience as the Justice Sector Skills Council, we've built up an extensive network

Two carefully tailored membership options to suit your needs

When developing the recent Custody & Detention Apprenticeship Framework, our Skills for Justice membership enabled the successful collaboration between the Ministry of Justice and other member organisations and bodies across the sector through networking opportunities and steering groups.

This project, which we delivered as part of our Strategic Membership with Skills for Justice, required exceptional support and project management from the team to bring several organisations together working to the strictest of deadlines.

The Skills for Justice team were invaluable to us to deliver this important nationally recognised project, and we simply couldn't have succeeded with their support.
